Revenue	Turns	Coin Counts	Customers

Boost Customer Loyalty

Track orders from start to finish, monitor processing in real-time, and handle payments efficiently. This centralized approach ensures smooth operations and better oversight of your business activities.

Launch your wash-and-fold service with our complete POS bundle, featuring personalized printed tickets, employee management, and remote machine start.

Remote Management

Our remote features let you monitor your store from anywhere, keeping you connected when you're off-site.

- Monitor all machine activity through a real-time, central dashboard
- Enable employees to run maintenance washes and troubleshoot customer orders

"

My favorite feature is the fact that I can just be at home, pull up reports, and know exactly what's going on in my stores at any time.
