

Enhancing Customer Experiences: Mobile App for your customers

Streamline your laundry management operations and enhance the customer experience. Our mobile app for customers offers tap-to-pay, cycle updates, balance management, and integrates seamlessly with existing card readers.

Features include:

Seamless tap-to-pay technology

- Lightning-fast transactions: Complete payments in under 1 second using NFC
- Universal compatibility: Works with the same readers as our laundry cards
- No QR codes: Say goodbye to scanning or managing stickers

Flexible balance management

- In-app reloading: Add funds to your account anytime, anywhere
- Kiosk options: Use cash at Value Add Center kiosks for balance top-ups

Real-time laundry management

- Push notifications: Stay informed about your laundry status
- Time remaining display: Know exactly when your cycle will finish

User-friendly design

- Intuitive interface: Easy navigation for users of all tech levels
- Consistent experience: Enjoy the same simplicity as our card system
- White label available: For businesses looking to brand the app experience

Contactless NFC Technology

No inserts, No swipes,
 No wear-and-tear. Same reader for card and App

Use Card or
 an App to pay
