

Power Smarter Laundromat Operations

Whether you're a one-store operator or scaling a multi-location brand, take control of your machines, your payments, and your customer experience. Laundroworks powerful hardware and intuitive software gives you what you need to run faster, smarter, and more profitably without sacrificing simplicity or reliability.

Built for the laundromat industry—for you

Centralized payment systems

Ditch the coin jams and downtime. Laundroworks offers secure, reliable, and affordable card readers that simplify payments for you and your customers.

- ✓ Get real-time machine alerts and reduce staff dependency
- ✓ Cut support calls with a streamlined POS and simple workflows
- ✓ Make smarter decisions without needing complicated reports

Mobile apps that keep things moving

For your customers:

- ✓ Reload cards and manage balance on their phones
- ✓ View machine availability and remaining cycle time
- ✓ Reduce wait times and improve satisfaction

For you and your attendants:

- ✓ Monitor machine status and revenue
- ✓ Track rewash activity and maintenance needs
- ✓ Boost accountability with assigned user access

Real-time machine monitoring and reporting

No more second-guessing what's happening in-store. Get machine-level insights across one or multiple locations.

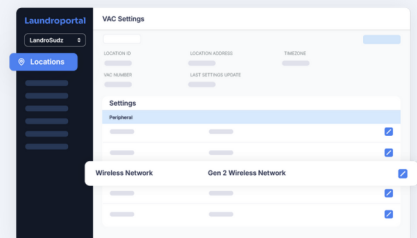

- ✓ Instantly see what's working and what's not
- ✓ Schedule preventive maintenance
- ✓ View usage trends to inform pricing and promotions
